

VANTHREN
PRIVATE PROTECTION

PRIVATE PRESENCE.

Presence. Without spectacle.

A private guide to in-person accompaniment, discreet entourage and considered travel arrangements in Vietnam.

DA NANG BASE / FOREIGN-NATIONAL TEAM

A CONSIDERED INTRODUCTION

Your world. *Our attention.*

The occasion should remain yours. The attention behind it should be deliberate: the people, the setting, the movement and the details agreed before arrival.

The proposition

In-person awareness and protective accompaniment, presented to suit your setting.

The people

A proposed two-person foreign-national team based in Da Nang. English-speaking, with limited Spanish support.

The principle

Public-facing privacy. Private accountability.
Personnel information shared only through an authorized introduction.

The boundary

No cybersecurity service, armed capability, 24/7 static watch or implied standby network.

01 / THE SERVICE

At your side. *With awareness.*

In-person accompaniment for planned transfers, meetings, private travel and events. The assignment begins with an agreed brief rather than an assumption of continuous availability.

Typical settings

Business appointments, private arrivals, scheduled movements and occasions where a considered presence is requested.

Before the assignment

Agree the party size, locations, duty window, presentation, authorized contacts and any relevant accessibility requirements.

During the assignment

Maintain the agreed presence and coordination. Material changes go through the handler and may change the reserved hours or expense budget.

What the rate covers

Scheduled operator labor. Vehicles, tickets, rooms, food, venues and applicable taxes remain additional.

02 / THE SERVICE

Within your circle. *Present for you.*

Accompaniment that can fit the occasion without presenting as overt security. Attire, conduct and introductions follow the setting agreed with the client.

The presentation

Business attire, event-appropriate clothing or another agreed dress standard. Public masking in campaign material is not a promise of masked attire at the assignment.

The experience

Presence alongside your group, with agreed logistics and awareness. This is protective accompaniment, not sexual services or a claim of official authority.

The commercial rule

Exactly the same \$1,500 per operator-hour. A discreet presentation never changes the labor rate.

The preparation

Share venue restrictions, dress requirements, access arrangements, guest information and timing through the private desk.

03 / THE SERVICE

Before arrival. *A clearer picture.*

Authorized preparation concerning the client's planned places and movements. Findings inform the assignment brief and practical logistics within lawful access.

The scope

Review agreed venues, timings, arrival arrangements, access conditions and practical movement requirements.

The authorization

Only lawfully accessible locations and activity authorized for the assignment. No covert access, impersonation or intrusion.

The output

A concise handler-reviewed preparation note, relevant photographs where lawful, and the resulting arrangements for the client.

The commercial rule

Preparation time is scheduled and priced in the proposal at the unchanged operator-hour rate. Related travel and expenses remain separate.

04 / THE SERVICE

A wider view. *For an agreed window.*

Limited, lawfully authorized observation relevant to the client's assignment. This is a defined service window, not continuous static surveillance.

The assignment

Specify the location, lawful purpose, observation window, reporting method and stop conditions before acceptance.

The reporting

Relevant observations go to the handler for review and an agreed client update. No invented intelligence rating or guarantee of detecting every risk.

The boundary

No unauthorized tracking, stalking, covert intrusion, illicit collection or claim of police powers.

The commercial rule

The same \$1,500 per operator-hour. Hours, staffing and access-related expenses must be scoped in writing.

A TWO-PERSON PROPOSITION

Foreign nationals. *Da Nang based.*

The founders are Black foreign nationals, not Vietnamese nationals. Public campaign faces are concealed; actual identity and suitability are addressed privately as required for a lawful assignment.

Founder / awareness

Founder-led client vetting, assignment awareness and the overall accompaniment brief.

Partner / movement

Motorcycle familiarity, movement coordination and assignment logistics, subject to actual qualifications and lawful permissions.

Language

English is the principal working language. Spanish support is partial; do not assume professional interpretation or Vietnamese-language fluency.

Capacity

Two operators. One paired assignment at a time. Additional demand does not create an undeclared network or a promise of nationwide standby.

BEYOND A PHOTOGRAPH

Know the person. *Before the introduction.*

An authorized client can review a private editorial dossier containing the person's introduction, professional context, approved social links, relevant qualifications, working style and the life they choose to share outside assignments.

Privately released

Professional portrait and captioned gallery. Identity and personal information appear only when the subject authorizes the recipient.

Evidence in context

Supplied, reviewed and not-verified labels describe internal review. They do not create credentials or imply government clearance.

A version you can review

Client acknowledgement records the exact dossier version. A later change needs a fresh review.

Optional encrypted copy

Where separately permitted, a passphrase-encrypted file opens in a current browser or the private desk. A downloaded copy cannot be recalled.

ONE BASE / THREE PRINCIPAL CITIES

Da Nang first. *Vietnam by arrangement.*

01 DA NANG

The operating base. Local arrangements are still scheduled, reviewed and scoped in advance.

02 HO CHI MINH CITY

Advance travel, accommodation, ground movement and food are client-funded additional costs.

03 HANOI

Travel and duty windows must include the actual preparation and movement required for the accepted assignment.

Intercity capability is proposed subject to lawful personnel and operating arrangements. This guide does not imply an office, stationed team or owned fleet in each city.

SEPARATE FROM OPERATOR LABOR

Travel, thoughtfully *accounted for.*

Flights & intercity travel

Client-funded flights, rail or other agreed intercity transport. Travel lead time belongs in the deployment plan.

Accommodation

Suitable separate rooms for each deployed operative. Check-in/out and additional nights follow the actual assignment window.

Ground movement

Agreed cars, motorcycles, drivers, fuel, tolls, parking and related transport costs. No owned or armored fleet is implied.

Food & daily requirements

Agreed meals, water and necessary assignment subsistence, with the budget basis approved in advance.

Access & other costs

Agreed venue access, tickets, permits where lawful, and other necessary assignment costs. Applicable taxes are additional.

Expense approval is version-specific. Changes require a revised budget; an estimate is not proof that an expense was incurred or paid.

ILLUSTRATIVE / NOT A QUOTATION

One day. *Two operators.*

8 hours x 2 operators x \$1,500	\$24,000
75% labor advance	\$18,000
25% labor balance	\$6,000
Illustrative travel and living budget	\$2,400
Illustrative labor + expense subtotal	\$26,400

The \$2,400 expense allowance is an arbitrary example, not a researched market price or an inclusive travel package. Actual transport, rooms, food, access and taxes are separately scoped and approved. No real funds are requested here.

SEVEN DAYS BEFORE FIRST DEPLOYMENT

A considered process. *Before commitment.*

01 / INQUIRE

Share proposed dates, city, party size and the type of presence required. Avoid sensitive identity documents in an initial public inquiry.

02 / FOUNDER REVIEW

The founder reviews identity, purpose, payer, suitability and lawful operating conditions. Submission does not guarantee acceptance.

03 / DEFINE THE ARRANGEMENT

Agree personnel, duty windows, preparation, itinerary, travel, expense budget and exclusions in writing.

04 / CONTRACT & ADVANCE

A strict 75% labor advance is required to secure accepted services. No booking is secured by a message or an unverified transfer claim.

05 / RELEASE & PREPARE

Review private profiles, authorize relevant logistics and confirm the communication handoff.

Minimum notice: 168 hours before the earliest required deployment, including necessary travel and preparation. Additional travel days must be planned before acceptance.

AN ACCOUNTABLE RELATIONSHIP

Everything relevant. *In one private place.*

Your arrangements

A structured itinerary, agreed service brief and relevant contacts rather than fragments spread across messages.

Your people

Privately released dossiers with approved background, imagery and the exact version reviewed.

Your proposal

Itemized expense budgets, exact approvals and labor statements that distinguish proposals from actual settlement.

Your correspondence

Private assignment conversations and updates, reviewed before operational details are released to the field.

Your readiness

Outstanding actions, handoffs and requests with clear ownership and deadlines.

Your control

Your individual account, assignment-bound permissions and a record of meaningful changes.

CLEAR OWNERSHIP / DELIBERATE HANDOFF

Keep the details. *Keep the context.*

The handler coordinates the agreed assignment. Share material changes to dates, venues, party size, movement or access requirements through the private desk so they can be reviewed and reflected in the brief.

Before Telegram

Review the assigned people and use the client conversation. A handler verifies the destination before the client consents to a handoff.

After the handoff

Keep approvals, sensitive itinerary documents and financial records in the private desk. A messaging change does not change agreed scope.

If plans change

Ask the handler to revise the duty window and expense budget. Added labor retains the fixed operator-hour rate.

If the work cannot proceed

Use the signed agreement for cancellation, postponement, refunds, termination and expense treatment. This guide invents no automatic refund schedule.

A PRECISE OFFER

A defined presence. *A clear boundary.*

In person

Protective accompaniment, discreet entourage and separately agreed preparation or observation.

Within lawful authority

No claim of police powers, intelligence affiliation, government endorsement or guaranteed threat prevention.

No cyber protection

The client service does not include cybersecurity, device forensics, account protection or offensive computer activity.

No continuous static watch

No 24/7 static surveillance, uninterrupted coverage, unscoped standby or unlimited manpower.

No coercion or illicit collection

No unlawful force, unauthorized tracking, covert intrusion, intimidation or access by impersonation.

The useful details. *Answered directly.*

No. Every scheduled operator-hour remains \$1,500, regardless of presentation.
